

# T-MICROCEMENT

## INFOSHEET

## Product Overview

Innovative high-performance microcement  
Designed for modern, seamless surfaces  
Ideal for tropical climates and high humidity

## Key Features & Benefits

Waterproof – ideal for wet areas

High hardness – long-lasting durability

UV stable & fade resistant

Crack-resistant – easy maintenance

Anti-mold – perfect for humid environments

## Technical Data

Thickness: 2–3 mm  
High compressive strength  
Water-resistant system  
Coverage: 5kg > 2.5m<sup>2</sup>  
Drying time: 24h 80% | 30d 100%

## Application

Suitable for

- wall • bathroom • outdoor
- floor • furniture

## Pricing

Price per Bucket 5kg: 800'000 IDR  
Price per m<sup>2</sup>: 320'000 IDR
